

EFFECTIVE HUMAN INTERVENTION

(PTY) LTD

Improving Performance, Safety & Compliance

1. WHO WE ARE

Effective Human Intervention (EHI) partners with organisations in engineering, maintenance, and operational environments to improve performance, safety, and compliance through practical, real-world training.

We focus on building capability where it matters most — in environments where downtime, risk, and operational performance directly impact business outcomes.

Since **2007**, EHI has supported organisations across South Africa and the broader African continent.

2. WHAT WE DO

We design and deliver training programmes that develop practical capability across key operational and technical areas, including:

Project Management & Project Delivery

Maintenance & Reliability

Electrical and Mechanical Systems

Safety, Risk & Compliance

Operational and Technical Skills

Our programmes improve planning, execution, and operational performance — not just theory.

3. OUR APPROACH

Our training is not theory-based.

We focus on:

- ✓ Real-world application
- ✓ Practical problem-solving
- ✓ Industry-specific scenarios
- ✓ Immediate workplace relevance

Participants leave with the ability to apply what they have learned immediately, improving performance, reducing risk, and contributing to successful operational outcomes.

4. HOW WE DELIVER

IN-HOUSE / ONSITE TRAINING

Delivered at client facilities and tailored to operational environments.

PUBLIC PROGRAMMES

Structured sessions for individuals across industries.

VIRTUAL TRAINING

Live, facilitator-led sessions accessible from any location.

All delivery formats maintain the same focus on practical, real-world learning.

5. OUR FACILITATORS

Our programmes are delivered by experienced industry professionals with practical operational and engineering expertise.

8. OUR FOUNDER

Callie Kruger, founder of Effective Human Intervention, built the business on a strong foundation of integrity, fairness, and respect.

He was deeply committed to delivering training that made a real difference — not only to individuals, but to the organisations they serve.

Today, we continue the journey he started, guided by the principles he instilled and the high standards he set.

9. OUR COMMITMENT

We are committed to delivering training that improves real performance — not just knowledge.

Our focus is on helping organisations:

- ✓ Reduce operational risk
- ✓ Improve efficiency and reliability
- ✓ Strengthen project delivery capability
- ✓ Maintain compliance in demanding environments
